Discussion Summary

- Discussed what went well and what to improve on during the completion of Sprint Retro. We decided that we are all contributing well to the project but that all members of the group should be speaking up more during meetings.
- Decided not to complete Unit Tests for this Milestone as it makes up a very little percentage of marks
- Completed the Milestone 1 submission document and submitted it to Canvas
- Weekly meeting on Monday is cancelled this week as the milestone has been submitted and there will be nothing to do on Monday
